ABOUT PREFLIGHT

PreFlight is a specialized feature of our platform designed to streamline the entrance, admission, and evaluation process for any institution. Created in collaboration with leading flying clubs and ground schools, PreFlight offers a fully customizable examination system tailored to the unique requirements of each institution.

We empower aviation academies and training centers to conduct online entrance tests, scholarship assessments, and mock evaluations with ease. With secure hall ticket generation, email notifications, and anti-cheating mechanisms like tab-skip detection, PreFlight ensures a professional and fair testing environment. Clients have full control over pass/fail decisions and receive detailed results instantly.

Whether you're selecting the next batch of cadets or conducting merit-based selections, PreFlight simplifies the process and raises the standard of aviation education.

FROM FLIGHT SCHOOLS AND GROUND CLASSES TO ANY EDUCATIONAL INSTITUTE, PREFLIGHT IS YOUR TRUSTED SOLUTION FOR CUSTOMIZED AND SECURE ONLINE EXAMINATIONS.

SMART TOOLS FOR SMARTER ADMISSIONS

CUSTOMIZED EXAMINATION SOLUTIONS FOR MODERN EDUCATION

INTRODUCTION

PreFlight is a powerful online examination platform built for modern educational institutions. Originally crafted for aviation schools and ground classes, it has now evolved to serve any institute seeking a secure, customizable, and professional assessment solution. Whether you're conducting entrance exams, scholarship tests, or internal evaluations, PreFlight simplifies the process with smart tools, real-time monitoring, automated hall ticket generation, and instant result delivery.
Designed to meet the unique needs of training academies, coaching centers, and educational institutes alike, PreFlight ensures a smooth, fair, and reliable testing experience—every time.

PreFlight

NO MORE PRINTING, NO MORE MANUAL CHECKING – PREFLIGHT DOES IT ALL

1. Custom Exam Setup

Tailor exams to your institute's needs — set your own syllabus, duration, and question types.

2. Hall Ticket & Password Generation

Automatically generate and email hall tickets and secure login credentials to each student.

3. Cheat Prevention Tools

Equipped with tab-switch detection and session monitoring to maintain exam integrity.

4. Instant Result Submission

Results are automatically calculated and sent directly to your institution for review.

5. Pass/Fail Control

You decide the evaluation criteria — PreFlight gives you full control over results.

6. Multi-Institute Support

Whether you're a flying club, ground school, or coaching center, PreFlight adapts to you.

7. Email Notifications

Keep students updated with automated emails for exam schedules, credentials, and results.

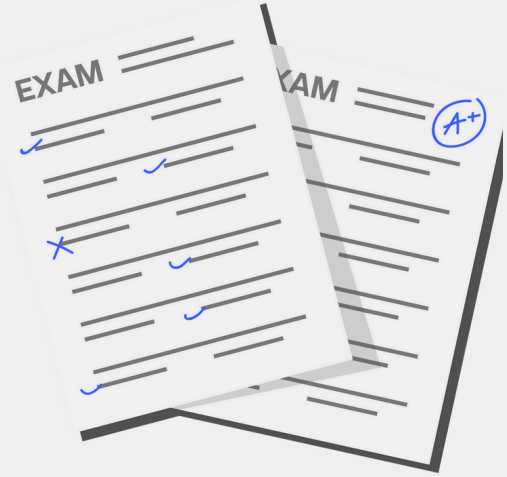

8. Fixed Start & End Times

All students begin and end the exam at the same time, just like DGCA exams — ensuring fairness and standardization.

9. Timed Exams with Auto-Submission

Set strict timers for each exam. The system auto-submits when time's up, preventing overruns or delays.

10. Question Bank Management

Upload and manage your own question bank, categorize by subject/topic, and reuse them easily.

11. Custom Branding (New)

Add your academy's logo, name, and brand colors to every page — students see your identity, not ours.

12. Branded Email Communication (New)

All automated emails can be sent from a custom domain like **info@youracademy.com**, adding a professional touch.
